Drop Off VS Parking

When you are **dropping off** your child(ren) for school, and do not need to enter the building, you are welcome to use the loop in front of the school.

When you are **parking** because you need to enter the building, please use the parking lot.

We have had a few vehicles park in the loop, causing drop off vehicles behind them to backup to leave. This is creating a safety issue for students who are being dropped off because vehicles are backing up towards them as they are walking into the school.

Thank you for your attention to our students' safety!

Partnering with Parents ~ Read, Read, Read!

Read to and with your child every night. Not only does this foster a love of reading, it allows you some quiet time away from electronic distractions to connect with your child. Frequently this becomes children's favorite time of the day!

Upcoming Dates:

• Student Run Credit Union~
Thurs., Feb. 8 and 22~
open for student deposits

Mid-Winter Break:

1/2 day of school ~
Fri., Feb. 16

No School ~
Mon., Feb. 19

There's Only One You!

If you were able to attend the rock painting night, thank you! It was so much fun to watch the students and their families painting rocks together. Our goal is to create a colorful rock garden filled with one-of-a-kind rocks. As all of the different shapes, sizes, colors come together that is when the real beauty happens. That is just like our school... all the different, unique students make our school a more colorful, special experience!

We will be hosting the event again because we need a lot of rocks to make this garden really colorful. (I even had some parents who have volunteered to collect some more rocks for us!) I hope that you are able to attend our next rock painting event to add to our 'there's only one you' rock garden. Stay tuned for more information!

LOOKING AHEAD... MSTEP DATES..

3rd grade: April 29-May 24

4th grade: April 29-May 24

5th grade: April 8 - May 3

Please put these dates on your calendars and plan around them when making doctor appointments and plans. We know that students perform much better when testing with their class instead of in a make-up situation.
