

## LOOKING FOR SCHOLARSHIP MONEY???

- Please read through each of scholarship application to see if you meet all of the criteria **before** completing the application.
- If you want me to mail your scholarship applications for you, please return them to me 1 week before the deadline to ensure that your application will arrive on time.
- Official transcripts cannot be issued to the student. Instead, bring me the application a week before it is due and I will send it out for you with an official transcript.
- You will need letters of recommendation from teachers for many scholarships. My advice is to have the teacher write a general letter, which can be used for various scholarships. Then, you can run copies of it and use them for your other scholarships. Otherwise, ask the teacher to save the letter on the computer so it can be personalized and reprinted for different scholarships.
- Read “10 Tips for Winning Scholarship Applications” on the reverse side of this sheet.
- Continue checking the scholarship newsletter (updated on the 1<sup>st</sup> of every month) for any other scholarships for which you may qualify. Newsletters are available in the hallway pocket or on the school’s website.

Good Luck!  
Mrs. Nowak
